

DOI Work Activity 9A Process Land Donations/Purchases and Alaska Native Allotment Conveyances

Program Area:	Lands
End Outcome Goal:	SEO 1 – Improve Protection of Lives, Resources and Property
Intermediate Outcome:	SIO 1.3 - Promote Respect for Private Property
DOI Sub process:	4e - Acquire or convey interests in land or water

Examples/Notes: This activity is for BLM only

Work Activity Description: This work activity includes all labor and operational costs to process the purchase and/or donation of land, interests in land, or issuance of patents for Native Allotments. Work includes planning/scheduling work, field/office labor, Geographic Information System (GIS) support, data management support, contracts/interagency agreements, and equipment purchase/lease/rental.

Costs coded to this work activity include: preparation of Land and Water Conservation Fund (LWCF) funding requests; resource data collection (e.g., resource reports, field reports to verify location, use and occupancy, Certificates of Inspection and Possession, hazmat reports, etc.); survey of property; mapping and development of GIS services; LR 2000 notation and maintenance; adjudication, including land status checks, application evaluation, and docketing; appraisal and appraisal review; development of hazardous materials (environmental site assessment (ESA) reports consistent with American Society of Testing and Materials (ASTM) standards) and NEPA documentation; negotiations for purchase; purchase of title commitments, title insurance, closing costs, recording fees, transfer fees, prepaid taxes and other title services or patent issuance or rejection of Native Allotment application.

Output: purchase/donation/parcels processed	Unit of Measure: Number of cases processed
